For Immediate Release

Sewer Construction Traffic Pattern Impacts

Chatham – On Monday March 16th, sewer installation construction will again impact Main Street between Mill Pond Road and Isaac Hardy Lane with this section of Main Street closed to thru traffic. A detour for thru traffic will be in-place utilizing Chatham Bars Avenue, and Shore Road. The construction is expected to last for 1 day to complete the sewer connection from Homestead Lane.

Access to all residences and businesses in the affected area will be maintained throughout the construction. There will be signage and Police Detail Officers to assist traffic in reaching their destination. All roads will be open overnight, on weekends, and holidays. Work will take place Monday through Friday between the hours of 7 AM and 6 PM, weather permitting.

We encourage you to visit the sewer construction project web site for updated schedule information at: <http://www.chathamscproject.info/>; and the Town's website for additional information regarding this and other important projects and events in the Town at: <http://www.chatham-ma.gov>

Thank you for your patience and cooperation during this important project to restore and protect our environment.
